UVA Department of Chemistry Stats:

39 Affiliated Faculty Members

Departmental Staff, Administration, and Senior Scientists Total 23 Members

$10.1M in Total External Funding

Avg of $388K per faculty member, from sources including NIH, NSF, DoD, DOE

158 Graduate Students

24 Entering Graduate Students in Fall 2020

261 Undergraduate Chemistry Majors

113 Total Graduating Undergraduate Majors Anticipated for the 2020/2021

- *Chemistry employed 49 Teaching Assistants in Fall 2020, working an average of 20 hrs/wk.*
- *There are 73 total Graduate Research Assistantships currently supporting Ph.D. students*
    - *11 awarded by the Department, 62 by grant funding.*
- *Departmental Instrumentation and Facilities: three EPR Spectrometers, five NMR spectrometers for solution samples and one for solid samples (500-800 MHz), two Hi-Resolution Mass Spectrometers, a Nanoscale Materials Characterization Facility, and an X-Ray Diffraction facility.*
    - *Each of these instrumentation facilities is managed by a full-time staff scientist who can assist with data collection and analysis.*
